

My perfect place

My perfect place would be sunny and warm with handsome servants that had fans made out of large pineapple leaves.

It would be so hot that wherever I went I could wear my swimming costume.

In my perfect place there would be no annoying grown-ups.

There would be an enormous swimming pool and lots of clubs so that every night I could go to a different club. **A**ll of my friends would be there too. **T**here would be lots of delicious foods to eat like; pizza, chips, pears, chocolate and sweets. **I** would sleep on a bed of feathers, soft, silken feathers. **I** would have a wardrobe full of beautiful clothes, clothes for every occasion.

One day my dream may come true, but for now I will visit my perfect place in my sleep.
