

## The piano keyboard

This is a section of a piano keyboard showing the ‘natural’ notes. The lowest pitched notes start from the left of the keyboard moving up in pitch to the highest at the far right. The black notes are  $\frac{1}{2}$  tone higher or lower (shown in a music score by  $\sharp$  or  $\flat$  next to the note).

# Piano Keyboard

**This diagram shows the musical notation, against a piano keyboard, going from lower D to upper E (just over 3 octaves).**

# Scale of 'C' Major
